

# MODE 1. CODE CARDS

Ozobot Text and Symbol Codes

## HELLO

These cards are to be used for both unplugged and plugged Ozobot activities. Please note: This document is a work in progress and changes may be made in the near future. There is some pixilation to the code block images due to the resize/screen shot, before laminating I used a permanent black marker to touch up areas of pixilation, ie. Wait symbols, arrows, etc. You will need to colour print and laminate the cards, then get busy cutting to size. I enlarged the text cards to A3 size for easier viewing when attached to classroom board. Print at least two copies for average classroom use.
